REGISTRATION AND LOGIN

Upon entering the system, you will see the login page. If you are an existing member, enter your user ID/admin ID. Upon successful login, you will be redirected to your respective dashboards.

In case of any mismatch in credentials, you will be alerted by the system via a corresponding message. If you are a new user, click Sign Up Now option shown on the login page. You will be redirected to the registration page. Fill in the details accordingly. Upon successful registration, proceed to log in by choosing the option below on the same page.

The screenshot shows the 'Log In' section of the website. At the top, there is a dark blue header bar with the text 'We@NITC' and navigation links for 'Blogs', 'Events', and 'About'. Below the header, the main content area has a light gray background. It features a 'Log In' heading, followed by two input fields: 'Username*' and 'Password*'. Each field has a white input box. Below the password field is a 'Forgot password?' link. At the bottom of the form are two buttons: a blue-outlined 'Log In' button and a blue 'Forgot password?' link. A note at the bottom left says 'Need an Account? [Sign Up Now](#)'.

The screenshot shows the 'Join Today' section of the website. At the top, there is a dark blue header bar with the text 'We@NITC' and navigation links for 'Blogs', 'Events', and 'About'. On the right side of the header are 'Login' and 'Register' buttons. Below the header, the main content area has a light gray background. It features a 'Join Today' heading, followed by several input fields: 'First name' (with 'Student' as a placeholder), 'Username*', 'Email*', 'Password*', and 'Password confirmation*'. Each field has a white input box. Below the password fields is a note: 'Required. 150 characters or fewer. Letters, digits and @/./+/-/_ only.' and a list of password requirements: '• Your password can't be too similar to your other personal information.', '• Your password must contain at least 8 characters.', '• Your password can't be a commonly used password.', '• Your password can't be entirely numeric.'. At the bottom of the form are two buttons: a blue-outlined 'Sign Up' button and a blue 'Forgot password?' link. A note at the bottom left says 'Already Have an Account? [Sign In](#)'.

BLOGS

A list of all the published blog posts are visible on the main home page. Each of them can be clicked for a detailed view of the post.

The screenshot shows the main dashboard with the 'Blogs' tab selected. In the 'Blog Posts' section, there are two entries:

- Living** by Optimus (November 05, 2024) - 0 likes. Content: Hey everyone! Just a quick check-in – life's been a mix of classes, random hobbies, and finding little escapes from the daily grind. I've been drowning in assignments, but I'm also trying to make time for things I enjoy, like painting and exploring new coffee spots around town. It's been chaotic but fun, and I'm just taking things one day at a time. Hope you're all doing well and finding your own little breaks, too! 😊
- Tip for Exams!** by NewUser4 (November 03, 2024) - 4 likes. Content: Did you know that studying in short bursts can actually help you remember more? It's called the *Pomodoro Technique* – you study for 25 minutes, then take a 5-minute break. Research shows it helps your brain stay fresh and focused, especially during those late-night study sessions. So next time you're cramming, try setting a timer – it might just make those all-nighters a little less painful!

To the right, a 'Calendar for blogs' section shows the month of November 2024. The 3rd is highlighted in blue, indicating a blog post was published on that day.

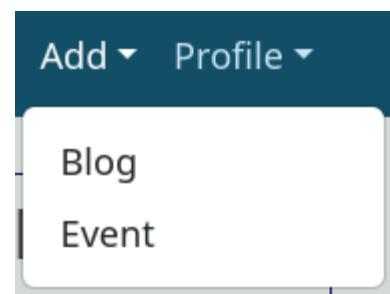

This screenshot shows a detailed view of the 'Tip for Exams!' blog post by NewUser4. The post content is identical to the one in the previous screenshot. To the right, a 'Calendar for blogs' section shows the month of November 2024. The 3rd is highlighted in blue, indicating the post was published on that day.

The date on which the posts were posted can also be seen on the calendar, which also allows for ease in selecting and reading posts from a particular date.

This screenshot shows a 'Calendar for blogs' section for the month of July 2024. The 1st is highlighted in blue, indicating a blog post was published on that day.

Uploading a Blog

You can create and upload a new blog post by clicking the Add button next to Profile or using the plus symbol in the Blog home page. This allows you to type in all the content and title for your blog post.

A screenshot of the 'Blog Post' creation interface. It includes fields for 'Title*' and 'Content' (with a rich text editor toolbar), and displays word and character counts. A 'Post' button is at the bottom. To the right, there's a sidebar titled 'Calendar for blogs' showing the month of November 2024 with specific dates highlighted. Below the calendar is a section titled 'Your Events'.

Updating/Deleting a Blog

You can update and delete blog posts that have been written by you. The option for it is visible on the top-right corner in the detailed view.

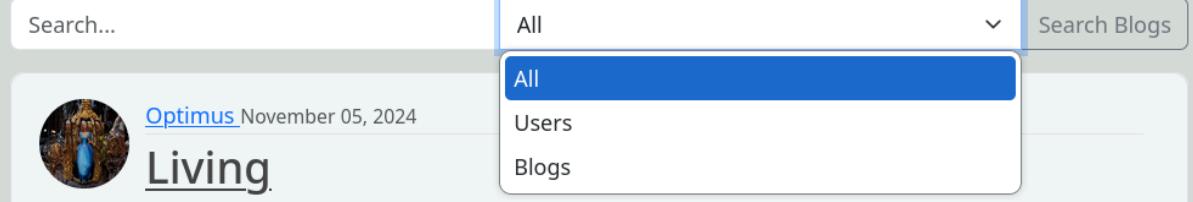

A screenshot of a blog post detail view. The post is titled 'Living' and is attributed to 'Optimus'. It was published on November 05, 2024. The post content discusses daily life and hobbies. At the top right, there are 'Update' and 'Delete' buttons. Below the post content, there is a like count of '0' and a small profile picture.

Trying to delete will ask for confirmation from you.

A screenshot of a confirmation dialog box. It asks 'Are you sure you want to delete the post "Living"' and provides two buttons: 'Yes, Delete' and 'Cancel'.

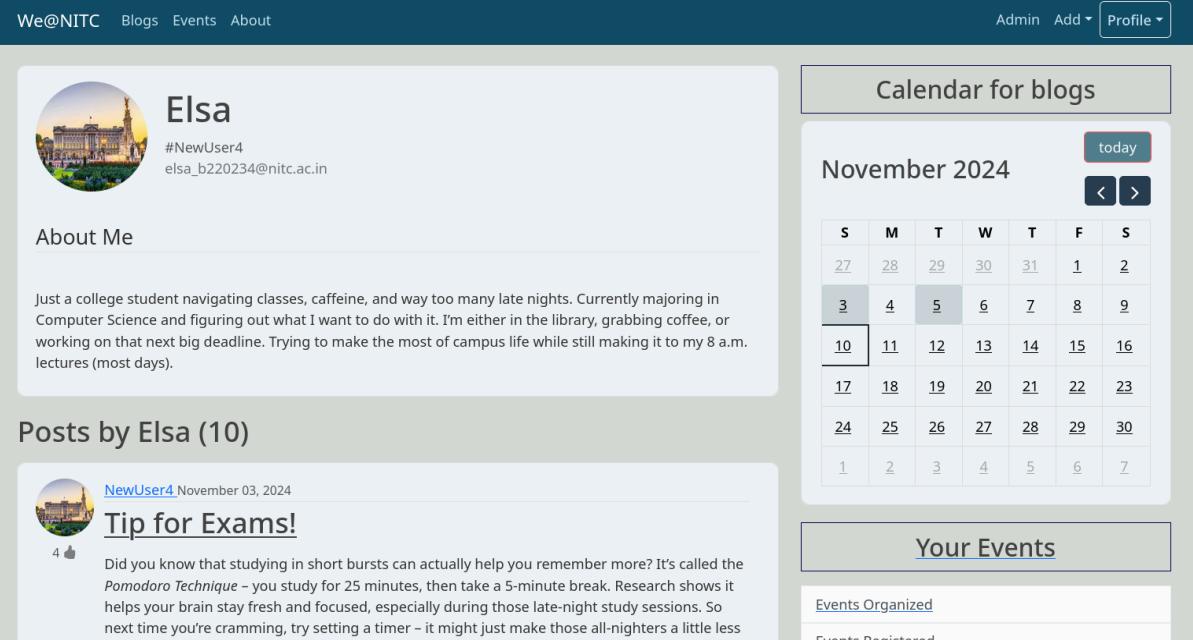

Searching for Blogs

Blogs can be filtered based on the users (searched by the usernames and first names) or the titles by using the Search functionality. They are then listed according to the results in alphabetical order.

The screenshot shows a search interface with a search bar at the top. Below it is a user profile for "Optimus" from November 05, 2024, with the title "Living". To the right is a dropdown menu with three options: "All", "Users", and "Blogs". The "All" option is currently selected. Below the search bar is a navigation bar with links for "We@NITC", "Blogs", "Events", and "About". On the right side, there are links for "Admin", "Add", "Profile", and a "today" button. The main content area is titled "Search Results" and contains two sections: "User Results" and "Blog Results". The "User Results" section lists "#Optimus - Nandana Neo" and "#HopeCore - Student". The "Blog Results" section shows a post by "NewUser4" titled "Sophomore Advice" dated July 12, 2024. The post content discusses the challenges and opportunities of sophomore year. To the right of the search results is a "Calendar for blogs" section for November 2024, showing the days of the week and the dates 27 through 30. Below the calendar is a "Your Events" section with links for "Events Organized" and "Events Registered".

From the list of users you get after searching, you can get the detailed view of them which will show the posts created and liked by that particular user.

The screenshot shows a user profile for "Elsa". The profile picture is a scenic view of a building at dusk. The name "Elsa" is displayed, along with the username "#NewUser4" and the email "elsa_b220234@nitc.ac.in". Below the profile is a "About Me" section containing a paragraph about being a college student navigating classes and caffeine. Underneath is a section titled "Posts by Elsa (10)". The first post is by "NewUser4" on November 03, 2024, titled "Tip for Exams!". The post content discusses the Pomodoro Technique for studying. To the right of the profile is a "Calendar for blogs" section for November 2024, showing the days of the week and the dates 27 through 30. Below the calendar is a "Your Events" section with links for "Events Organized" and "Events Registered".

You can also search by date using the calendar which will give the list of blogs posted on that date.

The screenshot shows a web interface for managing blog posts and events. At the top, there's a navigation bar with links for 'We@NITC', 'Blogs', 'Events', and 'About'. On the right, there are 'Admin', 'Add', and 'Profile' options. Below the navigation, a breadcrumb trail shows 'Blogs > Search by date'. A header box displays 'Posts on 2024-07-01'. Two blog posts are listed: 'Another Blog 5' by 'NewUser2' on July 1, 2024, and 'Blog 7' by 'NewUser4' on July 1, 2024. Both posts have a small profile picture and a like count (1). The post by 'NewUser2' contains a detailed description about China's population and borders. The post by 'NewUser4' is a general statement about finding time for fun. To the right, a 'Calendar for blogs' section shows a monthly calendar for July 2024. The calendar highlights the 1st (Monday) as the current date. Below the calendar, a 'Your Events' section lists 'Events Organized' and 'Events Registered'.

Liking Blog Posts

All users can like/unlike blog posts according to their preference.

This comparison shows two versions of a blog post card for 'Optimus' titled 'Living'. The left card shows 0 likes. The right card shows 1 like, indicated by a grey button with a white thumbs-up icon. Both cards feature a circular profile picture of Optimus Prime, the title 'Living', and a short preview of the post content.

EVENTS

There is also a section for Events where you can view all the events along with their details, dates and number of registered participants. The calendar on the side also allows for filtering events by particular dates.

The screenshot shows the 'Events' section of a website. At the top, there's a navigation bar with links for 'We@NITC', 'Blogs', 'Events' (which is highlighted), and 'About'. On the right, there are 'Admin', 'Add', and 'Profile' options. Below the navigation, there's a search bar with a dropdown menu set to 'All' and a 'Search Events' button. A large '+' icon is at the top right of the main content area. The main content displays four event cards: 'Hardware Workshop' (Regs: 0), 'ML Workshop' (Regs: 4), 'AI Workshop', and 'Robotics Workshop'. To the right, a 'Calendar for events' sidebar shows the month of November 2024. The calendar highlights the 26th as the event date. A 'Your Events' section below the calendar shows 'Events Organized'.

Detailed View

The detailed view for an event is different based on if you are a user looking to participate or the host for that event. If you are a participant, you'll be able to see the details of the event, along with the option to register for it.

The screenshot shows the detailed view for the 'ML Workshop'. The top navigation bar is identical to the previous screenshot. The main content area shows the event details for 'ML Workshop' hosted by 'Nandana Neo' (4 regs). It includes a description of the workshop, the date 'November 26, 2024', and a 'Register' button. A note at the bottom states 'Once registered, you cannot un-register!'. To the right, the same 'Calendar for events' sidebar for November 2024 is displayed.

If you are the host, you'll see the additional options to update/delete the event, see a list of registered participants and take their attendance for the event.

This workshop offers hands-on experience with foundational and advanced techniques in machine learning. Participants will explore key concepts like data preprocessing, model training, evaluation, and deployment. The workshop typically covers popular algorithms, model types, and tools such as Python, TensorFlow, and scikit-learn, helping attendees build and improve predictive models across various applications.

About Me

Just a college student navigating classes, caffeine, and way too many late nights. Currently majoring in Computer Science and figuring out what I want to do with it. I'm either in the library, grabbing coffee, or working on that next big deadline. Trying to make the most of campus life while still making it to my 8 a.m. lectures (most days).

Events Organized

Events Registered

You can also filter by date using the calendar which will give the list of events organised on that date.

The screenshot shows the We@NITC website interface. At the top, there's a navigation bar with links for 'We@NITC', 'Blogs', 'Events', and 'About'. On the right, there are 'Admin', 'Add', 'Profile' dropdowns. Below the navigation, a breadcrumb trail shows 'Events > Search by date'. A main heading 'Events on 2024-11-26' is displayed. Two event cards are shown: 'ML Workshop' (4 registrations) and 'AI Workshop' (1 registration). To the right is a 'Calendar for events' section for November 2024, with a red box highlighting the 26th. The calendar grid shows dates from 27 to 30 November, followed by December 1 to 7.

Registering for an Event

All the users except for the organiser can register for events.

This screenshot shows the same website interface as above, but from the perspective of a registered user ('Nandana Neo'). The event details for 'Automation using PLC Workshop' are shown, including the date (November 23, 2024), a registration button, and a note that once registered, you cannot un-register. To the right is the same 'Calendar for events' for November 2024, with the 26th highlighted in blue.

This screenshot shows the same website interface from the perspective of a user who is already registered for the event. The event details are identical to the previous screenshots, but the registration button is replaced by a message stating 'You are already registered for this event'. The 'Calendar for events' section is also present on the right.

Taking Attendance

The organiser of the event can mark/unmark the attendance for registered participants.
